No. 2013 Date 18th March 19 50

To

The Hon'ble Minister for Education and Law
Government of Madras,
Fort St. George,
Madras.

2 MAR 1950 SECRETARY

Sir,

I am in receipt of your kind favour of the 15th instant. As stated in your letter that there is no likelihood of your going over here, I have herewith enclosed my Memorial and request you to kindly go through and do the needful in the matter.

Thanking you in anticipation,

Yours faithfully,
S. Abdul Razack
18/3/50.

ASSISTANT SECRETARY 29 MAR 1950 EDUCATION DEPARTMENT

ASSISTANT SECRETARY
20 MAR 1950
EDUCATION DEPARTMENT

The Humble Memorial
of the
Muslims of Bellary,

presented to:

The Honourable Minister
for Education and Law,

Government of Madras

May it be submitted that:

1. The Muslim High School was started not at the request of the Council. The Government ordered its opening as per G.O.[illegible]0 (Education of 1946. The -- (N

that the nett cost would be borne by the Government. The Council Accepted it to reduce its top-heavy expenditure on the Municipal High School.

2. The recognition should be given as a matter of course because it is a Government School. On the other hand, the grant of recognition is with-held every year on the plea that (1) it must have a building of its own, (2) it should find qualified teachers, (3) it should be fully equipped and etc.

3. The condition imposed regarding building is untenable for the reasons (1) long before the opening of the School, the Government provided Rs.100/- for rent intending its location in a rented building. This was raised to Rs.200/- and that too was before the opening of the school in 1946. The rent was -- increased to Rs.300/- when no building was available

for even Rs.200/-. This was accepted because the then District Educational Officer and the Superintending Engineer recommended it. The building was then found suitable; but now it is unfortunately found unsuitable when the question of recognition comes up.

4. You are aware, Sir, that 4000 trained graduates are required for the whole State of Madras and to train up this number, it will take not less than 10 years if all the training colleges in the State put together work day and night. The teaching profession is inattractive on account of the low salaries. This is in general; but with regard to Muslims, the matters are still worse. Most Muslim Schools work with Hindu Staff. This also can be done here if they are given probation; but the Government do not permit grant of probation to Non-Muslim teachers in Muslim Schools. The problem can be solved if teachers are appointed giving probation and by freely transferring the teachers of one school to the other. There are at least three instances of teachers of one school having been transferred to the other school. There is no reason why this principle should not be freely applied if this Muslim High School is to survive.

5. The School has been very recently equipped with a first class laboratory. Books for the -- library are purchased every year, within the amount allotted. For a new school, it will take sometime to

p.t.o.

have a copious library. Maps, globes and such things are difficult to be had even if money is available. This defect must be put up with till better days dawn.

6. Under these circumstances, an institution which has been ordered to be opened by the Government under the forced management of the Municipality, agreeing to bear the nett cost, should not be refused recognition unless the Government intend taking up the management.

7. The declared policy of the Government is not to affect the present status of Muslim High School as per G.O.No.266, Edn., dated 7-2-1948.

8. It is the prayer of the Muslim Community that the school should continue rectifying the defects wherever discovered as this has been the gift of the Government after a number of representations and for a number of long years made by the then leader of the Community.

We remain, Sir,
Members of the Muslim Community
headed by:

S. Abdul Razak
18/3/1950.

Ex.Chairman, Municipal Council,
Bellary.

R.C.No.901-G4/50 dated 3-5-1950.

Sub: Municipal Council, Bellary - Municipal High School for Muslims, Bellary - Recognition - Memorial of the Muslims of Bellary to Honourable Minister for Education.

Ref: Endorsement No.3560-B/50-1 Education dated 27-3-50.

***

In resubmitting the papers referred for my remarks I wish to state as follows:--

I may mention at the outset that the statement in paragraph 1 of the Memorial is not quite correct. I invite attention to the correspondence ending with G.O.No.690 Education dated 1-4-1946 which will show that on the receipt of a representation from the Muslim Public the Government sanctioned the opening of the school in 1946-47 with a non-recurring subsidy of Rs.24,000/- and a maintenance subsidy on net cost basis. There has been no question of refusal of recognition. Recognition was being granted conditionally The school enjoys temporary recognition till the end of the end of the school year 1949-50.

Where three interests viz., the municipality, the Muslim community and the Government should co-operate by reason of the Government having paid grants as detailed above, management being vested in the Municipality, and the service being rendered to the Muslim Community it becomes evident from the representation that two of these interests seek to divest themselves of the responsibility and want the Government to shoulder it alone. The responsibility which is required to be shouldered is in respect of the fulfilment of the conditions of recognition chiefly suitable accommodation and staff The main representations in the memorial are

(1) To accept the existing accommodation for the grant of permanent recognition, and
(2) to stabilise the staff by the grant of probationary right to non-muslim teachers.

3 As regards accommodation I shall take up the question separately with the District Educational Officer, ~~lent~~ but in the mean while the difficulty can be overcome by the grant of recognition for a longer period ~~say 3 years~~, if and when an application for recognition is received.

4 As regards the grant of probationary rights the request is not so easy to be complied with so long as the Muslim Schools are treated as separate units for purposes of recruitment, probation, confirmation etc.

5 If the Muslim School is treated as a part of the Municipal High School its classes and forms forming the Urdu Sections the promise to the community in respect of mother tongue will continue to be fulfilled and at the same time the technical difficulty pointed out can be overcome. If the Municipal Council is not prepared to accept this position steps will have to be taken to require the community to find a management, as Government can no longer take the school as a communal institution.

Yours faithfully,

575

Education Department

10285/50 Schools Secondary -Municipal High schools for Muslims - Bellary

Grant of permanent recognitio

Petition from S.Abdul Razack Sahib Bahadur dated 15-3-

From the DPI Acno 901 G4/50 dt 3.5.50

Memorandum No 10285/50-1 Education dated 13.5.50.

The attention of the Commissioner Bellary Municipality is invited to G.O. No 2125 Education dated 2-7-49 under which the Municipal Council is bound to run parallel sections for Muslim students whose mother tongue is Urdu if there is the minimum strength required for the purpose as laid down in that G.O. Inview of the difficulties experienced in securing the services of qualified Muslim teacher for appointment in the separate high schools for Muslims and in view of the fact that probationery rights cannot be given to the non-Muslim teachers appointed to that school so long as it is treated as a separate institution for Muslims, it has been suggested that the Muslim High school may be treated as part of the Municipal General High school and the classes and forms in the former may be treated as parallel Urdu sections of the latter. The Commissioner Bellary Municipality is requested to place the suggestion before the Council and communicate its views to Govt.

2. Temporary recognition was accorded to the Municipal High School for Muslims till the end of the school year 1949-50 when applying for the continuance of the recognition, the Commissioner is requested to apply for the grant of recognition for atleast three years so that so the question of permanent accommodation for the school can be settled in the meantime.

Permanent recognition to the School upto III Form and temporary recognition for Higher forms upto the end of School year 1949-50 was accorded by the Director of Public Instruction, in his references D.Dis.2702/47 dated 29-5-47 and D.Dis. 4198/48 dated 14-9-48 respectively.

Now the District Educational Officer in his reference quo above (copy enclosed) has suggested on economic grounds that t

that the school may either be amalgamated with the Municipal Hindu High School or be reduced to the status of that of a middle scho and to open urdu parallel sections in the Higher forms of the Hindu High School. These proposals,if given effect to, will land the Municipality into heavy financial commitments. The main reasons for this drastic step are said to be, the inability of the management to appoint qualified staff and to secure a pucca building for the school. The staff problem is not pecular to this institution alone but also to many institutions throughout the state. The present building wherein the school is now located is ~~inadequate~~, and quite suitable and it was opened there only with the concurrence of the Educational authorities. Neither the staff problem nor the question of accommodation willbe solved by the proposed amalgamation of the schools or its conversion into a middle school after running parallel urdu sections in the Hindu High School. On the other hand it will increase the financial burden of the Council.

The Council therefore request in their above resolution ~~xxxxxxx~~ (copy enclosed) that the Government may kindly take over the management of the Municipal Muslim High School in view of the increase in cash (Cost) on secondary education year after year or pay its entire cost. Orders may be communicated before the re-opening of the schools.

LOSS.	===	7577-10--4.	13563--7--3.
EXCESS.	1708--3--6.		

Now the Dist.Educational Officer in his Rc.No.56-E/50 dated 22-2-50 has suggested on economic grounds that the Muslim School may either be amalgamated with the Hindu High School or be reduced to the status of that of a middle school and to open urudu parallel sections in the higher forms of the Hindu High School. These proposals is given effect to, will lodge the Municipality into heavy financial commitments. The main reasons for this drastic step are said to be, the inability of the management to appoint qualified staff and secure a pucca building for the school. The staff problem is not peculiar to this institution alone. There is dearth of qualified hands throughout the state. The present building wherein the school is now located is adequate if not quite suitable, and it was opened there only with the concurrence of the Educational authorities. The Hindu High School is not in a position to take in any of the classes of the M.M.H.School. Neither the staff problem nor the accommodation question will be solved by the proposed amalgamation of the school or its conversion into that of middle school after running parallel urudu sections in the Hindu High School. On the other hand it will increase the financial burden of the Council.

The Chairman, M.C.,met the Director of Public Instruction, Madras, who was camping here on 15-3-50 and presented the enclosed note requesting the Government to take over the management of both the High Schools in view of the increase in cost on secondary education year after year.

The Council is therefore requested to address Government to take over the management of the High School or pay its entire net cost including contingencies.

Copy of Rc.No.56-E/50 dated 22-2-50 of the District Educational Officer, Bellary.

Sub:- Education - Secondary - Muslim High School, Bellary - unsuitable staff and inadequate accommodation - Remarks - requested.

The annual Inspection of the Municipal Muslim High School was conducted from 5th to 7th December 1949 and the following defects were found at that time:-

xx xx xx

All the above facts go to show that the school is not working on sound lines and the purpose for which it has been opened has not been achieved.

Due to the continuous dearth of qualified staff and a pucca building for the school, I suggest it will be economically good either to club the school with the Hindu High School or to reduce its status into that of a Middle school and open Urdu Parallel sections in the Higher forms of the Hindu High School.

Sub:-Education-Secondary-Municipal High School for Muslims-Bellary
Ref:-Government No.10285-B-50-1 Edn dated 13-5-50

I submit herewith a copy of Council's Resolution No.734 dated 31-5-50 for favour of kind information and orders.

IAD/7-6.

COMMISSIONER-DEL.

734. Read Government Memorandum No.10285-B-B0-1 Education dated 13-5-50 suggesting to the Council to treat the Municipal Muslim High School as part of the Municipal General High School and the forms and sections of the former as parallel urdu sections of the latter in view of the difficulty experienced in securing the services of qualified muslim teachers for appointment in the separate High School for Muslims and in view of the fact that probationary rights cannot be given to non-muslims appointed to that school so long as it is treated as a separate institution for Muslims and as the Municipal Council is bound to run parallel sections under G.O.No.2125 Edn & P.H. dated 2-7-49 for Muslim students whose mother tongue is urdu and office note thereon.

Resolution:-

This Council is of considered opinion that the proposed amalgamation of the two High Schools as per the Government memo No.10285-B-50-1 Edn dated 13-5-50 is neither practicable nor in the best interests of eithe institution for the following reasons:-

(i) The accommodation is quite insufficient even as it is to meet from year to year the growing demand for admissions into the Municipal General High School with its limited accommodation,

(ii) One of the main reasons for bifurcating the General High School in 1946 was the persistent reports of the District Educational Officers that the School was too unwieldy to be managed by one Head-master

(iii) By the amalgamation of the schools, the Council's share of expenditure would still further increase as the amalgamation of a definitely net cost institution with one that is not, cannot be countenanced, on financial grounds.

(½ sheet attached)

(iv) It is impracticable for one Head-master to effectively supervise the work of both the growing institutions situated a mile apart.
(v) It is none of the faults of the Council if probationary rights to Non-muslims teachers working in the Muslim High School are not given. This Council has no objection for the grant of probationary rights. As both the High Schools are under the same management, the Government is requested to have only one pannel of Headmaster.
(vi) The staff problem referred to is not peculiar to the Muslim High School or the General ~~Hgx~~ High School under its management as is clear from the several attempts made by this Municipality to secure teachers but it is a universal problem requiring solution at the hands of the Government, as may be clearly seen from advertisements in the dailies encouraging even raw graduates and superannuated teachers to apply and sometimes even resolving to pay higher initial ~~xxxx~~ salaries to attract trained teachers.

The Council therefore requests the grant of permanent recognition to the Muslim High School or its management be taken over by Government as represented to the Director of Public Instructions by the Chairman, Municipal Council in his memorandum dated 15-3-50 and as resolved by this Council in its resolution No.647 dated 29-4-1950.

13/6/50

Memo no 10285B/50.2 Education dated 13.6.50.

The request of the Municipal Council Bella that the management of the Municipal High Sol for Muslims may be taken over by Govt cannot complied with. As the Council is not in favour of the proposed amalgamation of the High School Department of the Muslim High School with the General High School by treating the higher forms (Urdu) of the Muslim High School as parallel Sections of the General High School, it may continue to maint the high school for Muslims as a separate institu The question of granting permanent recognitio cannot be considered now.

2. The Govt see no necessity to remove the limits fixed for certain items of expenditure altogether as the entire net cost of maintenance of the Muslim High School, except the expenditu on payment of provident fund contribution, is t be borne by them. As the expenditure under "Contingencies has increased considerably since the school was started, the limit of Rs 1000 fixed in Go no 690 Edn dt 1.4.46 has becon unworkable. The DPI is requested to suggest a suitable higher limit for expenditure on this st There is no necessity to raise the limit fixed for rent for buildings now. The expenditure on payment of provident fund contribution cannot be

P.S.J. y.m
50 690 Edn
1.4.46

taken into account for purposes of assessment of grant

3. As the Municipal Council Bellary has not particular that the staff in the General High School and the Muslim High School should be treated as separate units for purposes of recruitment promotion etc and it has no objection to the grant of probationary rights to non Muslim teachers working in the Muslim High School the DPI is requested to consider whether the distinction may be removed in respect of these two high schools alone

R.C.No. 901 G4/50 dated: 9--12--1950.

Sir,

Sub: Schools--Secondary--Municipal High school, for Muslims--Bellary--Teaching grant--raising of the limit fixed for expenditure under contingencies and removing distinction between this school and the general High school in regard to staff.

Ref: Government Memo No. 10285-B/50-2 Education dated 13--6--50.

With regard to para 2 of the Government Memo referred to above, I invite your attention to G.O.No. 707 Education dated 14--3--49 according to which the school is to be paid teaching grant on full net cost basis after obtaining the Financial statement as in the case of other secondary schools under Local Bodies. This G.O. does not say that any limits should be observed in regard to payment of grant to the school. It is therefore not clear whether the limits fixed originally in G.O. No. 690 Education dated 1--4--46 in regard to contingencies etc., still exist. In case Government still consider that an upper limit should be fixed in respect of contingencies, then the following points may be taken into consideration:--

The Commissioner, Bellary Municipality has furnished a statement showing details of expenditure under contingencies in the previous years which is herewith enclosed. Taking the figures for the past 3 years, 1947-48, 1948-49, and 1949-50, the items are discussed as below:

1947-48.

The following are rather unusual items of expenditure and if they are discounted the contingent amount works out as follows:

Unusual items:			
Advertisement charges		544--5--0	
Less		150--0--0	(may be restricted to 150 Rs. as forecast by the Municipal Council in the last col. of the statement)
		394--5--0	
Locks	...	100-13--0	
Clocks	...	118--3--0	
	Total	613--5--0	
Total expenditure under contingencies:		3165--3--4	
Less Rent		1800--0--0	
Less unusual items of expenditure as shown above		613--5--0	
Balance of contingent charges		751-14--4	

1948-49.

Total contingent amount	4138-12--3	
Less rent	3461-15--0	
Balance	676-13--3	

(P.T.O)

25

1949-50.

Total contingent amount	4619--0--1
Less rent	3600--0--0
Balance	1019--6--1

In the above figures of contingent charges expenditure under Examination charges and Science articles have been included as shown below:

	1947-48	1948-49	1949-50.
Examination charges	236--14--0	208--4--0	398--1--10
Science articles	-	31--0--3	12--7--0
	236--14--0	239--4--3	410--10-10

Now local bodies have been allowed to charge special fees from pupils to meet the above expenditure. This is bound to reduce the total expenditure under contingencies. It is, therefore, apparent that there is no ground to increase the limit under contingencies.

0258 Ex
14.2.47

As regards para 3 of the Government, Memo with regard to the distinction between General High school and the Muslim High school for purposes of recruitment promotion etc., it is reported that it has become very difficult to get urdu trained teachers for the Muslim High school inspite of repeated advertisements. I, therefore, agree to the proposal for removal of distinction between these two schools in this report except in regard to the post of Headmaster so that a Muslim may be the Headmaster of the Municipal High school.

Yours faithfully,

for Director of Public Instruction

32228/50 Schools: Secondary — Ml. High School for Muslims Bellary — Distinction between the Muslim high School and the General high School in regard to appointment of staff etc — Removed.

(1) Read G.O 690 Edn d. 1.4.46.

Read Govt Memo no. 10285 B/50-2 Edn d. 13.6.50

From the DPI no. 901844/50 d. 5.12.50.

Order/MS. no. 349 Edn. d. 12.2.54

The Govt Consider ~~of the DPI~~ that the distinction hitherto maintained between the Staff of the Muslim high School and the General high School under the control of the Ml. of Bellary according to G.O 258 Edn d. 14.2.47 should be removed and ~~the~~ the Staff of the Muslim High School should be treated as below:

to a single unit for purposes of appointment, promotion, transfer, discharge etc. The post of Headmaster of the Muslim high school should however be reserved for a Muslim.

2. The Comr. Bellary Mlty is informed that the Govt have examined the question whether there is any need to increase the maximum limit of expenditure under contingencies for the purpose of assessment of teaching grant in respect of the Govt. high school for Muslims and have decided that there is no ground to sanction any increase.

0285/50 School - Secondary - Municipal High School for Muslim Bellary - Grant of permanent recognition

--

Letter from S.Adul Razack Sahib dated 18-3-50
From the D.P.I. R.C.No 901 G4/50 dated 3-5-50

Prior to 1946, the Municipal Council, Bellary, was maintaining only one high school. As provision for the study of the Urdu language existed only in that high school, all the Muslim pupils who wanted to study it joined the school and consequently there was a large number of Muslim pupils on the rolls. As the strength of the school was unweildy, and as there was a demand from the Muslim public for the establishment of a separate Secondary school for Muslims in Bellary, the municipal council requested the Govt to open a separate high school for Muslims or in the alternative to help it to open and maintain such a school. As the latter was less expensive to Govt, the Govt permitted the council to open a separate high school for Muslims and to run the existing school as a general high school for all communities. As the financial postion of the council would not permit the maintenance of two high schools, the Govt undertook to pay as a special case recurring grant towards the entire net cost of maintenance of the high school for Muslims and also a non-recurring grant towards the full cost of purchase of initial equipment subject to a maximum of Rs 24,000. The idea was that the school should be located in a rented building to start with.

2. Like other newly opened institutions the school is enjoying only temporary recognition till the requirements of the department in respect of buildings equipment and staff are complied with. The difficulties in the way of grant of permanent recognition to the school are

(1) Lack of suitable accommodation

(2) Want of qualified Muslim teachers to handle high form

Accommodation The school is now located in a rented building which is not considered quite suitable for the school. The D.P.I says that he will take up this question with the D.E.O. and in the meantime if an application is made for the continuance of the recognition for a longer period say for three years he will consider it. The Commissioner Bellary Municipality may be requested to apply for it.

Staff It is not possible to secure the services of qualified Muslim teachers for the higher forms in the existing shoratage of L.T. Assistants. The D.P.I. points out that the difficulties in the grant of probationery rights to the non-Muslim teachers appointed to the school can be overcome by treating the Muslim high school as part of the general high school, the classes and forms being treated as parallel Urdu sections of the General high school. According to G.O. No 2125 Education dated 2-7-49 the Municipal Council is bound to maintain parallel sections for Muslim pupils who are desirous of studying Urdu as a first language and also receive instruction through the medium of that language. so long as there is the prescribed minimum strength. The Commissioner may be asked to place the suggestion before the council and report its views to Govt. As pointed out by the D.P.I, it is no longer possible for the Govt to open separate high schools for Muslims.

A draft memo is submitted below for approval.

12-5-50

12-5-50

Memorandum No 10285 B/50-1 Education dated 13-5-50

From the Commissioner Bellary Municipality No 353/50 G2 dated 13-5-50 pp 8 to 11 C.F.

From the D.P.I. No 901 G.4/50 dated 31-5-50 page 12 C.F.

In its proceedings dated 29-4-50 the Bellary unicipality has resolved that inview of the fact that the cost f maintenance of the Municipal High school is increasing year by ear the Govt be requested to take over the managment of the Muslim igh School or to pay its entire net cost including contingencies. he Commissioner Bellary Municipality requests that ord... ...y be assed on the Council's request before the reopening of the school.

2. Taking over of the management of the Muslim High school by Govt.

As a policy the Govt are against the opening and maintenance of separate schools for Muslims but they have decided that the existing schools should be allowed to continue for the next five years without any commitment inregard to their continuance beyond that period. The D.P.I. has therefore stated that the Govt can no longer take the school as a communal institution. The Council may be informed that its request to take over the school under Govt management cannot be complied with.

2. Teaching grant towards the entire net cost of maintenance of the school removing the limits fixed for certain items of expenditure.

Under the existing orders, the Council has to meet from its funds entirely the Provident Fund Contribution and bonus to the staff and the expenditure incurred in excess of the limits fixed for rent for buildings and contingencies. Inregard to rent for buildings the limit fixed in G.O. No 690 Edn dated 1-4-46 had already been raised with reference to the rent actually paid for the building occupied by the school. Only the limit of Rs 1900 fixed for contingencies when the school was started has become unworkable on account of the increase in the expenditure on contingencies, ~~The limit~~ it may be raised suitably in consultation with the D.P.I. The expemditure on payment of provident fund contribution is not taken into account for purposes of assessment of teaching grant in the case of secondary schools under local bodies and no exception can be made in respect of this school alone The Commissioner maybe informed accordingly

3. Amalgamation of the high school for Muslims with the General High school . Attention is solicited to the D.P.I.'s letter on page 6 C.F. particularly para 5.

The Commissioner has been asked to place the suggestion before the council and report its views to Govt. His reply is awaited. In another connection (the proposal of the Nandyal Municipal Council to amalgamate the Muslim High School with the General High school) H.M. (Edn and Law) minuted that ~~it has been~~ he had stated in the Assembly that local bodies ~~also will be asked to adopt the undertaking given~~ would be advised to fall into a line with the Govt's understanding

that the separate High schools for Muslims which ~~are~~ were already in existence would ~~will~~ be allowed to continue as such for a period of five years.

If there is any objection from the Muslim Public of Bellary ~~The objection~~ to the malgamation ~~is more sentimental as than real~~ of the Muslim High School with the General High School it must be treated as a Sentimental objection. If the Bellary Municipality wants to continue the separate school for Muslims it may perhaps be allowed to do so only in respect of the Middle school which enjoys permanent recognition and it may be allowed to have parallel Urdu sections in the nigh... forms in the General High school ~~for Muslim Boys~~ to receive higher education are not curtailed for Muslim Boys

4 The file may be circulated to H.M. (Edn and Law) for orders on the points raised at A B and C.

C.No 15297/50. From the Commissioner Bellary Municipality
Roc no 353/50. C.2 & 7.6.50 pp 13 45cf

Please see the resolution of the Bellary Municipal Council on ...14 cf. As it is not in favour of the amalgamation of the Muslim High School with the General High School, the Municipal Council may be informed that Govt have no objection to the Council maintaining a separate High School for Muslims but its request to take over the School under Govt management cannot be complied with. The DP I may now issue orders on the Council's request for the grant of permanent recognition as will appear from the DP I's letter on page ...cf that the DP I is against the grant of permanent recognition but he is prepared to grant temporary recognition for ~~more than one year at a stretch~~ three years at a time.

This has already been communicated to the Comm in para 2 of the memo page 7 cf.

A draft memo is submitted below for approval H M (Const Laws) may see before issue

p16 ℓ Issued as memo no. 10285-B/50-2 Edl d. 13.6.50.
p22 ℓ From the DPI no. 90194/50 d. 9.12.50.

XX

The point for consideration in this file whether the basis of Grant payable to the Ml. Bellary towards the cost of maintenance of the Ml. High School for Muslims should be revised. At present, the grant for the school is determined on the following basis:-

1) Salaries of staff — Full cost.

2) Dearness and other allowances) Provident Fund contribution) The entire expenditure is met from Ml. funds.

3) Rent for the school building — Full cost subject to a maximum of Rs 3600/-

4) Contingencies — Full cost subject to a maximum of Rs 1000/-

The question was raised whether the maximum limit under item 4 should be raised enhanced. The DPI who was consulted is not in favour of any enhancement. For orders whether his views may be concurred in.

2. At present the Ml. High School for Muslims and the General High School under the Ml. management are treated as separate units for purposes of appointment of staff, promotion, discharge etc. This distinction is

('on p23 ℓ 27.12.50

('C' on p4a-te

being maintained for the reason that the staff required for the Mal. Muslim School (Muslim teachers with special knowledge in Urdu) will not be available for transfer from the General School ~~and vice versa~~. The DPI now reports that it has become difficult to get Urdu teachers for the Muslim high schools. In the circumstances, there is no point in allowing the distinction between the two high schools to continue as non-Muslim teachers may have to be posted to the Muslim high school. The DPI therefore recommends that the distinction hitherto observed between the two Ml. schools may be abolished. For orders whether the Director's recommendation may be accepted.

3. The Director holds the views that the post of headmaster in the Muslim high school should however, be reserved for Muslims. It is not clear why such a reservation is necessary especially when it is proposed to remove the distinction between the two schools. Further it stands to reason that when an L.T. Asst in either school is eligible for transfer to another school, he should be made eligible for promotion to the post of headmaster in either school. For orders whether the reservation should be permitted.

4. The file may be seen by A and Fin for remarks prior to circulation.

The expenditure on dearness allowance to the staff may also be taken into account for purposes of grant grant to the school. One or two years back this dept recommended to Edn Dept that such allowance should be taken into accoun in calculating the grant towards half the net cost of secondary schools maintained by mpl Cls and dt bds. Edn is requested to state the present position in the matter.

including loss on dearness allowance

2. The scheme for the grant of subsidies to local bodies for state funds towards the expenditure on dearness allowance to employees paid out of general funds of local bodies is explained below: The local bodies should meet the expenditure from their funds in the first instance and after taking into account the Govt grants and other items of receipts, like the General Cess, if the total expenditure exceeds the total receipts and there be any deficit, the local body is entitled for a subsidy towards the expenditure on D.A.

The subsidy for D.A is limited to the actual deficit or the expense on D. A whichever is less. Thus no grant is separately payable from state funds towards the expenditure on D.A to staff in secondary schools. This expenditure on D.A will get merged in the total expenditure on D.A. for all employees paid out of general funds. In the circumstances it is not usual to allow a grant towards the expenditure on D.A to teachers in secondary schools separately when grants are assessed for schools by the D.P.I. There is no need to revise the present practice. If any necessity is called for, Govt. should see

Through E III 31/1/51

The notes from XX on page 5 above may be perused. The proposals of Education relate to the Municipal Muslim High School, Bellary, for which the Govt. are at present paying a maintenance grant on th ~~note~~ net cost basis. The Education Dept. have already issued orders declining to accept the request of the Municipal Council, viz., that the Govt. may take over the School. The points still for consideration are:-

1) Whether the maximum limit of Rs. 1000/- fixed for contingencies for the purpose of determining the maintenance grant payable in respect of the school should be enhanced, and

2) whether there is any need to continue the distinction that is now observed between this school and the General High School, which is also run by the municipal Council in the matter of appointment, promotion etc. of the Staff.

The D.P.I has remarked, in respect of the first point, that there is no need to enhance the limit fixed for contingencies. As regards the other points, the D.P.I. has recommended the abolition of the distinction owing to the dearth of qualified Urdu teachers for the Muslim High School. He has, however, suggested that the Headmaster of the Muslim High School should continue to be a Muslim. These proposals have been agreed to by Education. Submitted that they may be agreed to in Finance also.

Please see the note of the L.A and Fin. Departments above. They have agreed to the proposal of this dept that the maximum limit of Rs 1000/- fixed for Contingencies for th

purpose of assessment of teaching grant in respect of the Ml. High School for Muslims. Bellary need not be raised. They have also agreed to the proposal that the distinction hitherto observed between the staff of the Ml. Muslim high school and the General high school in the matter of appointment, promotion, transfer, discharge and re-employment of teachers being treated as different units may be removed and that non-muslim teachers may be appointed in the Ml. Muslim high school and vice versa without any restriction with the exception that the post of headmaster in the Muslim high school should continue to be held by a Muslim.
